Abdominal pain, presenting symptom of supraventricular tachycardia — 380

Abscess, lung, in infants and children — 2

Abused and neglected children, risk of lead poisoning in — 128

Acidemia, propionic, presenting as pyloric stenosis — 613

Adolescents
  and AIDS prevention: the pediatrician's role — 41
  gambling among — 346
  unwanted sexual experiences in — 306
  women, gonococcal and chlamydial genitourinary infections in — 419

Adrenal hyperplasia, congenital, delay in diagnosis of, in an acutely ill infant — confounding factors — 603

Agenesis of the trachea — 57

AIDS
  prevention
    in teenagers in the 1990s (editorial) — 46
    the pediatrician's role — 41
  with severe T-cell depression and hypogammaglobulinemia — 605

Airway obstruction, severe, and nontuberculous mycobacteria subcarinal lymphadenitis — 657

Allergy, multiple food, management of a child presenting with — 608

Alpha-interferon for chronic hepatitis B infection, transient hypothyroidism after — 663

Amphotericin-induced heart-rate decrease — 358

Anemia, iron-deficiency, complicated by parvovirus B19-induced red blood cell aplasia — 108

Anorexia, reversal of, in a child with partial ornithine transcarbamylase deficiency — 163

Anticipatory guidance and parental anxieties — 384

Aortic valve
  isolated bicuspid, in newborn with Down syndrome — 116
  letter — 623

Arteriovenous malformation, spinal cord, retinal hemorrhages associated with — 281

Ascending cord necrosis, as complication of intrathecal chemotherapy — 506

Ascorbate in treatment of chronic idiopathic thrombocytopenic purpura — 268

Asthma, social factors and behavioral problems — 581

Attention deficit hyperactivity disorder and developmental delay, lead screening in children with — 498

Autoimmune disorder, multiple, primary sclerosing cholangitis, in a patient with Down syndrome — 502

Avascular necrosis, Kienböck's disease and (letter) — 395

B

Baby L, the case of, revisited (editorial) — 452

Bacteremia, *Moraxella (Branhamella) catarrhalis* — 146

Bacterial lymphadenitis, Kawasaki syndrome masquerading as — 185

Beckwith-Wiedemann syndrome: an update and review — 317

Behavioral intervention for
  compliance with nasal continuous positive airway pressure in obstructive sleep apnea — 535
  management of seizure activity — 570
  problems and social factors in asthma — 581
  reduction of distress in self-injection — 530

Bicycle injury study, Ohio — 256

Bilirubin increase in premature infants given human recombinant erythropoietin — 213

Bone densitometry, clinical use of, in children (editorial) — 237

Bone mineral content in nephrotic children on prednisone — 234

Breastfeeding, extended
  in the US (editorial) — 648
  weaning ages in — 642

Bronchoscopy, pediatric fiberoptic — 430

Burns, inflicted, and pressure injuries — 114

C

Candidal meningitis, neonatal, in a full-term infant with congenital cutaneous candidiasis — 217

Cephalhematoma — 86
  phototherapy for neonatal jaundice in infants with — 7

Chemotherapy, intrathecal, and ascending cord necrosis — 506

Children, high-risk, referred to an early-intervention developmental program — 635

Chlamydial and gonococcal genitourinary infections in adolescent women — 419

Chloroquine-resistant *P. falciparum* malaria, congenitally-acquired, in an infant born in the United States — 166

Cholangitis, sclerosing, and multiple autoimmune disorder in Down syndrome — 502

Chromosome, supernumerary, and developmental delay — 223

Circumcision,
  neonatal, controversies about (letters) — 395, 623

Cocaine, prenatal exposure, and necrotizing enterocolitis — 424

Colic, esophagitis as a cause of — 158

Computer program, for managing lead poisoning — 619

Conceptualization of illness, children's (editorial) — 183

Congenital cyclic neutropenia — 151

Connatal Leigh disease — 349

Constipation, medically treated, long-term follow-up of — 576

Cord necrosis, ascending, complication of intrathecal chemotherapy — 506

Cutaneous candidiasis, congenital, and neonatal candidal meningitis — 217

Cystic fibrosis, acute hydrocephalus masquerading as catch-up head growth in an infant with — 436

D

Dehydration, hypernatremic, and rotavirus enteritis — 440

Development, child, and parent assessment — 248

Developmental delay
from supernumerary chromosome — 223
lead screening in children with, attention deficit hyperactivity disorder and — 498

Diabetes mellitus, insulin-dependent, microalbuminuria in an adolescent cohort with — 12

Diaphragmatic hernia, congenital
outcome of preoperative extracorporeal membrane oxygenation — 471
with splenic infarction presenting as pleural effusion and respiratory distress — 549

Diarrhea, teething, recognition and management — 591

Discharge timing studies of newborns, a critical review — 626

Dog bite injuries, genital — 331

Down syndrome
isolated bicuspid aortic valve with — 116
primary sclerosing cholangitis and multiple autoimmune disorder with — 502

E

Early-intervention developmental program for high-risk children — 626

Echocardiography, transesophageal, oximetry and capnography during sedation for — 565

Ehlers-Danlos syndrome, hemostasis in — 552

Endocarditis, infective, in neonates — 198

Enteritis, rotavirus, and hypernatremic dehydration — 440

Epiglottitis, traumatic, following blind finger sweep to remove a pharyngeal foreign body — 495

Erythropoietin, human recombinant, increases total bilirubin production in premature infants — 213

Esophagitis as a cause of infant colic — 158

Extended breastfeeding
in the United States — 642
editorial — 648

Extracorporeal membrane oxygenation, preoperative, and congenital diaphragmatic hernia — 471

F

Food allergy, multiple, management of the child presenting with — 608

Foreign body removal from pharynx and traumatic epiglottitis — 495

Fructose-1,6-diphosphatase deficiency misdiagnosed as Reye syndrome — 561

G

Gambling among adolescents — 346

Ganglioneuroblastoma masquerading as chronic vomiting — 110

Gaucher disease, early diagnosis of — 365

Gene mutation, novel, and an unusual presentation of testotoxicosis — 271

Genital dog bite injuries — 331

Gonococcal and chlamydial genitourinary infections in adolescents — 419

Gonorrhea, prepubertal management of — 415

H

Head
growth and hydrocephalus in infant with cystic fibrosis — 436
MRI scan, success rates, procedure duration times, and a pediatric sedation program — 300

Hearing hazard of toy cellular telephones and walkie-talkies — 278

Hearing loss in NICU, failure to clinically predict — 138

Heart murmurs, an evaluation of parental concerns and misperceptions about — 25

Heart-rate decrease, amphotericin-induced — 358

Helicobacter pylori infection
in childhood (editorial) — 463
in children, role of serology in diagnosis of — 458

Hemolytic-uremic syndrome
acute respiratory failure in — 660
neonatal — 220

Hemorrhage intracranial, perinatal, due to maternal salicylate ingestion (letter)— 174

Hemostasis in Ehlers-Danlos syndrome — 552

Hepatitis
chronic, transient hypothyroidism after alpha-interferon treatment of — 663
viral chronic, and alpha interferon — 372

Hernia, diaphragmatic congenital, with splenic infarction presenting as pleural effusion and respiratory distress — 549

Heterogeneity, marked, in Niemann-Pick disease, type C — 190

High-risk children and early intervention developmental program — 626

Hospital screening of pediatric patients for psychosocial dysfunction — 18

Hospitalization costs for premature infants, perinatal predictors — 79

Human tails and associated spinal anomalies — 286

Hydrocephalus, acute, masquerading as catch-up head growth in an infant with cystic fibrosis — 436

Hypernatremic dehydration and rotavirus enteritis — 440

Hypersensitivity pneumonitis, potentially fatal — 388

Hypertension, intracranial
idiopathic, after L-thyroxine therapy — 334

Hypotension, syringomyelia with — 666

Hypothyroidism
congenital, thyroxine dose for (editorial) — 521
outcome of lower L-thyroxine dose for treatment of — 514
primary acquired, idiopathic intracranial hypertension after L-thyroxine therapy for — 334
transient, after alpha-interferon for chronic hepatitis B infection — 663

I

Idiopathic familial intussusception — 559

Illness causality
concepts of in a pediatric sample — 178
conceptualization by children (editorial) — 183

Immune globulin, in Stevens-Johnson syndrome — 48

Immune thrombocytopenic purpura, acute childhood, diagnosis and treatment — 487

Immunization
medical record, evolution for the next millennium (editorial) — 56
rates, improved, for urban minority preschool children, factors associated with — 466
schedule, recommended — 66
toddler documentation gap — 54

Infective endocarditis in neonates — 198

Interferon, alpha
for chronic viral hepatitis in pediatric patients — 372
transient hypothyroidism after treatment for chronic hepatitis B — 663

Intestinal pseudo-obstruction syndrome, chronic, neonatal onset of — 241

Intracranial hemorrhage, perinatal, due to maternal salicylate ingestion (letter)— 174

Intracranial hypertension, idiopathic, after L-thyroxine therapy — 334

Intrathecal chemotherapy, ascending cord necrosis, a complication of — 506

Intussusception
following ingestion of broken glass (letter) — 175
idiopathic familial — 559

Iron-deficiency anemia complicated by parvovirus B19-induced red blood cell aplasia — 108

J

Jaundice, neonatal
phototherapy for, in infants with cephalhematomas — 7
what now? — 103

K

Kawasaki syndrome masquerading as bacterial lymphadenitis — 185

Kidney, multicystic dysplasia of — 32

Kienböck's disease and avascular necrosis (letter) — 395

L

Lead
poisoning, a computer program for management — 619
poisoning in abused and neglected children, risk of — 128
screening in children with attention deficit hyperactivity disorder and developmental delay — 498

Leigh disease, connatal — 349

Lemierre's syndrome, respiratory failure caused by — 275

Lymphadenitis
bacterial and Kawasaki syndrome — 185
nontuberculous mycobacterial subcarinal, and severe airway obstruction — 657

Lung abscess in infants and children — 2
